Dear Jason:

In over thirty (30) years of business we have only sent out two (2) letters of recommendation for satisfaction of exemplary service, this is that second letter.

We could not have been more pleased with the level of professional service we received from your company during the recent upgrade of our computer server and software. The transition was painless and we experience no downtime to our day to day operations.

Your company's follow up and follow through during the entire set-up process, far exceed our perceived level of expectation for this project.

Inclosing, please do not hesitate to ask any potential client to contact me for a reference, for in all sincerity, we could not thank you enough for all your help and guidance.

Cordially,  
WEINSTEIN REALTY ADVISORS
